## ***Acknowledgment of Risk***

I understand that although my dogs live together in the same household, conflicts may still occur when dogs are in a boarding environment. Changes in routine, stress, food competition, sleeping arrangements, toys, or other environmental factors may increase the possibility of disagreements or fights between dogs. I have requested that my dogs listed above be housed and/or exercised together during their stay at Tail Country Pet Resort.

## ***Assumption of Responsibility***

I acknowledge and accept the risks associated with boarding multiple dogs from the same household together. I understand that Tail Country Pet Resort cannot guarantee that conflicts will not occur between my own dogs. I agree that any injuries resulting from interactions between my own dogs are my responsibility and I will not hold Tail Country Pet Resort, its owners, or staff liable for injuries that occur between my own dogs while boarding together.

## ***Veterinary Care***

If a fight or injury occurs between my dogs and veterinary care is deemed necessary, I authorize Tail Country Pet Resort to seek veterinary treatment if I cannot be reached. I understand that all veterinary costs resulting from injuries between my dogs will be my financial responsibility.

## ***Staff Safety & Handling***

If staff determines my dogs cannot safely stay together, Tail Country Pet Resort reserves the right to separate them for safety of the dogs and staff. Additional boarding charges may apply if separation requires additional accommodations.
